

Sec. 7-2 Sign Permits - Required.

No sign, except those listed in Sec. 707, shall be erected, hung, or placed or structurally altered without a permit from the Zoning Administrator.

Sec. 7-2.1 Application for a Sign Permit.

Application for a permit to erect a sign shall be made to the Zoning Administrator. An applicant for a sign permit shall submit, in addition to other information, a plan showing the proposed height of the sign, the setback of the sign, the method of illumination, and other information needed to show compliance with the requirements of Sec. 7. The plan for separate use signs shall also show the distance to the nearest separate use sign which is on the same side of the street as the sign for which application is being made.
