The CORE MPO's operating functions will be funded through the federal Metropolitan Planning set aside pursuant to the provisions of 23 USC §104(f), the Metropolitan Transit Planning funds pursuant to the provisions of 49 USC §5303, the federal Urban Attributable funds, and the local membership dues to match the federal grants. This Exhibit specifies the formula for membership contributions to support the CORE MPO's transportation planning process.

In general, the CORE MPO's functions will be to maintain a continuing, cooperative and comprehensive transportation planning process for the Bryan – Chatham – Effingham region within the CORE MPO's Metropolitan Planning Area (MPA) boundary as defined in Title 23 USC Section 134 and Section 5303 of the Federal Transit Act. The CORE MPO's detailed staff work activities and planning procedures will be outlined in the annual Unified Planning Work Program (UPWP). The CORE MPO UPWP will include detailed budget information based on the anticipated grant funding contracts with the Georgia Department of Transportation (GDOT). The local match to the federal grants for MPO's operations will be based on the UPWP budget. The local matching funds will be provided by the Parties based upon a formula as described herein. The population component of the formula will be based on the 2020 decennial census population information. The formula for dues will be as follows.

The total local funds contribution will be the dollar amount approved by the CORE MPO Board in the Unified Planning Work Program (UPWP) and the annual overhead cost.

1. The amount of each governmental member's contribution would be a base of \$1,000 plus a proportion based upon population.
2. For the three counties – Bryan, Chatham and Effingham – each county determines how to split their share of the total contributions among the county and municipalities.
 - a. Bryan County – Bryan County and the City of Richmond Hill will split the county's share of the membership dues based on their respective population within the CORE MPO MPA boundary.
 - b. Chatham County - Chatham County and its municipalities will split the county's share of the membership dues based on their respective population within the CORE MPO MPA boundary.
 - c. Effingham County – Effingham County will pay 100% of the county's share of the membership dues, covering all of the Effingham municipalities located within the CORE MPO MPA boundary.
3. For the three modal authorities, the membership dues contributions are calculated based on the following formula.
 - a. The Chatham Area Transit Authority would contribute a fixed amount based upon the 60th percentile of the counties' and municipalities' contributions.
 - b. The Georgia Ports Authority will not be assessed any dues.

- c. The Savannah Airport Commission would contribute a fixed amount based upon the 70th percentile of the counties' and municipalities' contributions.
- 4. The Authorities share and the total of the \$1,000 base amounts would be subtracted from total local fund contribution amount before applying the proportional population calculation for the county or each municipality.
- 5. The Georgia Department of Transportation (GDOT) pays 10% of the transit planning (Section 5303) local match. Thus, no additional membership dues will be assessed from GDOT.
- 6. The CORE MPO's advisory committees (TCC, EDFAC, TEPIAC and BPAC) will not be assessed dues.
- 7. The Chatham County – Savannah Metropolitan Planning Commission (MPC) will not be assessed dues.
- 8. Invoices will be sent out to members after the approval of the Unified Planning Work Program (UPWP) each year and payment will be due by June 30th.

- c. The Savannah Airport Commission would contribute a fixed amount based upon the 70th percentile of the counties' and municipalities' contributions.
- 4. The Authorities share and the total of the \$1,000 base amounts would be subtracted from total local fund contribution amount before applying the proportional population calculation for the county or each municipality.
- 5. The Georgia Department of Transportation (GDOT) pays 10% of the transit planning (Section 5303) local match. Thus, no additional membership dues will be assessed from GDOT.
- 6. The CORE MPO's advisory committees (TCC, EDFAC, TEPIAC and BPAC) will not be assessed dues.
- 7. The Chatham County – Savannah Metropolitan Planning Commission (MPC) will not be assessed dues.

RE: Request to Execute the Coastal Region Metropolitan Planning Organization (CORE MPO) Memorandum of Understanding

Melanie
Dear Ms. Wilson,

Thank you for working with the Georgia Ports Authority over the years in planning for the continued development within the Savannah/Chatham County metropolitan area. We have appreciated and benefited from the collaborative efforts.

While we understand the interest in having the Georgia Ports Authority (GPA) execute the Coastal Region Metropolitan Planning Organization (CORE MPO) Memorandum of Understanding (MOU) and participate in the suggested cost-sharing formula, the GPA, as a state authority, is not in a position to be such a dues-paying entity. The State of Georgia has tasked us with planning, constructing, maintaining, and operating seaport facilities for the purposes of fostering international trade for the State and contributing to the economic growth and prosperity of communities throughout Georgia. In doing so, our capital resources are committed to the develop of facilities on or immediately contiguous with Authority owned or leased premises. It is important that we partner with the neighboring communities and planning organizations within or about which we operate to insure mutual understanding of infrastructure needs and growth forecasts.

The GPA looks forward to continuing our participation with the CORE MPO in planning a successful future for the Coastal Region and we will continue working as an information sharing partner with the MPO.

Respectfully Submitted,

James C. McCurry, Jr.
