CHECKLIST FOR APPLICANTS

- ☒ Have you answered all applicable questions in the application?
- ☒ Has the appropriate person signed the application?
- ☒ Have you filled out the detailed budget table on the last page of this application?
- ☒ Please indicate the sources of funding you are requesting for this project.
☒ Y301 ☒ Y230 ☒ Y601
- ☒ Have you attached a letter from your governing board or official able to commit to the local match?
- ☒ Have you attached a project location map?
- ☒ Have you attached information demonstrating the basis of your project's cost estimate?
- ☒ Have you attached other information that is applicable to the answers in your application?

Carbon Reduction Program (Y601) Funds

September 2025 Call for Projects

The Coastal Region Metropolitan Planning Organization (CORE MPO) is conducting a competitive project selection process to award expected FY 2026 - 2030 Carbon Reduction Program (Y601) funds, provided through the act entitled Infrastructure Investment and Jobs Act (IIJA, Pub. L. 117-58).

- **Expected Available Funds (subject to change, funding after 2026 contingent upon IIJA Continuing Resolution or CRP inclusion in future transportation legislation):**
 - FY 2026 = \$1,200,000 (federal portion)
 - FY 2027 = \$0 (federal portion)
 - FY 2028 = \$1,200,000 (federal portion)
 - FY 2029 = \$1,200,000 (federal portion)
 - FY 2030 = \$1,200,000 (federal portion)
- **Maximum Award for a project = available funds for that year (federal portion)**
- **Minimum Award for a Project = \$200,000 (federal portion)**
- **At least 20% of the eligible costs of the proposed project must be locally funded.** (Previously incurred costs cannot be counted as part of the 20% match for the newly awarded federal funds.)

An applicant may request a minimum of ***at least \$200,000 of federal funds***. The federal funding request in this application can represent no more than 80% of the total cost of the applicant's proposal. For example, if an applicant requests \$1,000,000, and provides no more than the required 20% local match, he/she would be submitting a proposal totaling \$1,250,000.

- **Federal Requirements**

Applicants should keep in mind that using the CRP funds involves adherence to federal requirements, as applicable, such as the National Environmental Policy Act (NEPA), prevailing wage rates (Davis-Bacon), Buy America, competitive bidding, and other contracting requirements, regardless of whether the projects are located within the right-of-way of a Federal-aid highway.

- **Projects funded through this selection process must be located within the CORE MPO's Metropolitan Planning Area (MPA) boundary.**

The CORE MPO - administered CRP funds can only be spent within the MPO's Metropolitan Planning Area which includes all of Chatham County and portions of Effingham County and Bryan County (see map on the next page).

CORE MPO Metropolitan Planning Area as approved by the Governor of Georgia in 2024

- **Projects, if awarded funds in FY 2026 and FY 2027, will be programmed in the CORE MPO's FY 2024 – 2027 Transportation Improvement Program. Awarded projects in FY 2027 will be carried over to the FY 2027 – 2030 TIP as well. FY 2028 – 2030 funds will build the prioritized waiting list for projects to be included in the FY 2027 – 2030 TIP (revisit the prioritization during TIP development).**

Once the project is programmed in the TIP and the awarded federal funding is authorized in the program year, the funds must be obligated within two years, otherwise the funds will be rescinded for use by other selected priority projects.

Please see CORE MPO Carbon Reduction Program Manual for additional information.

Applicant and Project Information

Eligible Entities

Please indicate which type of eligible entity is the primary project sponsor: (Select one.)

- ☒ Local government
- ☐ Regional transportation authority
- ☐ Transit agency
- ☐ Other local or regional governmental entity with responsibility for oversight of transportation improvements that the State of Georgia determines to be eligible.

Eligible Projects

Please indicate **all** applicable categories your proposal falls under. **Please see CORE MPO Carbon Reduction Program Manual for information on project eligibility.**

- ☐ Innovative technologies and modes
- ☐ Operational efficiency improvements
- ☒ Sustainable infrastructure

Applicant Information		
Agency Name (i.e. agency that will manage implementation) Effingham County (County Engineering Services)		Date 10/7/2025
Street Address 804 South Laurel Street	City, State Springfield, GA	Zip Code 31329
Contact Person's Name Jonathan Hulme, P.E.	Title County Engineer	
Contact Person's Phone Number (912) 754-8080	Contact Person's Email Address jhulme@effinghamcounty.org	
Project Manager's Name (if awarded) Jonathan Hulme, P.E.	Title County Engineer	

Project Overview		
Project Name McCall Road Multi-Use Trail		
Project Location Description (please also attach a location map) The proposed project corridor extends along McCall Road from SR 21 to Blue Jay Road. This corridor serves as a critical east-west connector between commercial centers, neighborhoods, and schools and experiences a growing mix of residential, commuter, and freight traffic. Currently, McCall Road is a narrow two-lane roadway with open ditches and no pedestrian or bicycle facilities.		
County (or counties) in which project is located Effingham County	City (or cities), if any, in which project is located	
Proposal Description Summary The McCall Road Multi-Use Trail Project will construct operational, safety, and multimodal improvements for both motorized and non-motorized users along approximately 5.8 miles of McCall Road between SR 21 and Blue Jay Road. The project will transform the existing rural roadway into a two-lane urban section with curb and gutter, improved drainage, a five-foot sidewalk, and a ten-foot multi-use trail. These enhancements will provide safe, ADA-compliant pedestrian and bicycle accommodations where none currently exist. The project will also incorporate intersection upgrades, turn lanes where warranted, and stormwater management improvements to address flooding and erosion issues. The project will connect multiple residential subdivisions and employment areas to SR 21 and the Blue Jay Road corridor, improving safety and accessibility for residents who currently walk along the unpaved shoulder to reach schools, parks, and transit connections.		
Total Estimated Project Cost* \$ 6,247,500	Federal Y230 Funds Requested \$4,998,000	Local Match Available \$1,249,500
<i>*Please also be sure to fill out the Budget Detail Table at the end of this application.</i>		

Who is providing the local match?

Name of Agency or Organization	Source (e.g. particular CIP fund)
Effingham County	SPLOST/TSPOLST

Please attach a letter signed by either your governing board or an official who can commit to the stated local match.

Has your agency managed and completed other federal-aid transportation projects before? (Choose one)

- ☒ 0 completed federal-aid projects
-
- ☐ 1 completed federal-aid project
-
- ☐ 2 completed federal-aid projects
-
- ☐ 3 or more completed federal-aid projects

Please list as many as three federal-aid projects completed by your agency, ***preferably for projects that are similar to your proposal:***

P.I. No.	Project Name	Sponsor's Project Manager

What agency will maintain the project after completion?

If a maintenance agreement is necessary, has it been executed? (Chose one)
If yes, please attach the agreement.

Y / **N** / NA

If the completed project will generate the need for operational funds, please describe the estimated annual cost and the status and source of funding for operations.

EFFINGHAM COUNTY WILL PROVIDE FOR MAINTENANCE OF THE CONSTRUCTION IMPROVEMENTS. THE COUNTY ALREADY PROVIDES MAINTAINCE OF THE EXISTING ROADWAY WITHIN THE RIGHT OF WAY AND WILL CONTINUE IN THE FUTURE.

Will your project require purchase(s) or easement(s) for right-of-way (Choose one)

Y / N / Maybe

Additional information:

RIGHT OF WAY WILL BE REQUIRED. THE GOAL IS TO MINIMIZE IMPACTS TO THE ADJACENT PROPERTIES.

If other agencies or organizations are partnering with you on this application or on implementation of your proposal, please list and describe the nature and the status of any agreements (e.g. ROW donations or easements):

Organization #1	
N/A	
Contact Name	Contact Phone
Contact Email:	
Status of Agreement	

Organization #2	
N/A	
Contact Name	Contact Phone
Contact Email:	
Status of Agreement	

Organization #3	
N/A	
Contact Name	Contact Phone
Contact Email:	
Status of Agreement	

If funding were available today, how much time do you estimate would be needed for any phases of your project that would be funded by this request:

Phase(s) to be Y601-funded	No. of Months
Design	12
Right of Way	9
Permitting	6
Construction	12

Please list any necessary preliminary work that already *has been completed*, and provide dates (e.g. GDOT concept approval, FHWA environmental approval or categorical exclusion, etc.):

Steps Completed	Date
Effingham Master Transportation Plan	7/20/2025
Effingham Master Bike Pedestrian Plan	6/2025
Effingham SS4A Plan	8/2024

Please describe status of any non-Y601 funded work that *still needs to be completed before the project or phase that would be funded by this request can begin* (e.g. if Y601 funds + Local Match will fund only the construction phase, what is the status and schedule for the incomplete preliminary engineering and ROW phases?).

Status of Steps to be carried out before Y601-funded work begins	Estimated completion date
Planning / Concept Development	Completed – July 2025
Environmental Screening (Preliminary)	Completed – July 2025
Utility Coordination	Ongoing – Complete by March 2026
Preliminary Engineering (PE)	Start: April 2026 → Complete: March 2027
Right-of-Way (ROW) Acquisition	Start: April 2027 → Complete: December 2027
Construction (CST)	Start: February 2028 → Complete: May 2029

In 500 words or less, please describe what public benefits and efficiencies would be provided to our area by your proposed project. For example, how does your project match the project ranking criteria such as safety, community benefit, mobility, hazard response, air quality co-benefits, implementation factors, potential to reduce carbon emissions, consumer savings, economic and workforce development? **(Please reference the CORE MPO Carbon Reduction Program Manual for project ranking criteria.)**

The McCall Road Multi-Use Trail Project will significantly enhance transportation safety and connectivity along one of Effingham County's most heavily traveled local corridors. The roadway provides access between SR 21 and Blue Jay Road, serving residential neighborhoods, schools, and employment centers. Current conditions include narrow pavement, open ditches, and no sidewalks, which pose daily risks for pedestrians, cyclists, and motorists.

This project will reconstruct McCall Road into a complete street designed for all users. Adding curb and gutter, a five-foot sidewalk, and a ten-foot multi-use trail will create safe, ADA-compliant facilities for pedestrians and cyclists. The separated path will eliminate pedestrian-vehicle conflicts, reduce crash risk, and improve comfort for all users. Intersection and turn-lane improvements will reduce congestion and improve access to adjacent neighborhoods, while new street lighting will enhance nighttime visibility and overall safety.

By connecting SR 21 to Blue Jay Road, this project establishes a critical link between residential communities and major commercial and industrial employment zones. The new multi-use trail will provide residents with safe, non-motorized access to work, school, parks, and transit, advancing the County's equity and sustainability goals. Many residents in this area lack reliable access to a personal vehicle; providing ADA-compliant, multimodal infrastructure directly addresses this transportation gap and supports the Justice40 initiative by prioritizing investment in underserved communities. The project also supports freight and operational efficiency. McCall Road is frequently used as a connector between key truck routes. Pavement and drainage improvements will strengthen the roadway structure, enhance safety for all users, and reduce maintenance costs over time.

Environmental and community sensitivity will guide design. Sidewalks and the multi-use path will meander to preserve mature trees and minimize right-of-way and wetland impacts, maintaining the corridor's natural character.

The McCall Road Multi-Use Trail Project directly aligns with the Effingham County Transportation Master Plan (2025), the CORE MPO goals for multimodal safety and connectivity, and regional transportation equity priorities. Once complete, the project will be maintained by the Effingham County Roads Division, ensuring its long-term function and value.

Overall, the McCall Road Multi-Use Trail Project delivers substantial public benefit—improving safety, mobility, and quality of life while supporting economic growth and regional connectivity in Effingham County.

Subject: Carbon Reduction Program (CRP) (Y601) Funds – Commitment of Stated Local Match for the McCall Road Project

Dear Ms. Karunaratne,

The Effingham County Board of Commissioners is pleased to submit this request for Carbon Reduction Program (CRP) (Y601) funding for the McCall Road Project.

Effingham County hereby confirms that TSPLOST and SPLOST funds are available to provide the required 20% local match in the amount of \$1,192,100 for the total project cost of \$6,247,500. The County respectfully requests federal Carbon Reduction Program (CRP) (Y601) Funds of \$4,768,400 (80%) to complete this project.

If you have any questions, please call Jonathan Hulme at (912) 754-8080.

Sincerely,

Damon Rahn
Chairman At Large
Effingham County Board of Commissioners

To Whom it May Concern,

Effingham County has initiated the LAP Certification process. Jonathan Hulme has completed all five required training classes and is currently working on the application and supporting documents. The county's goal is to submit the package in November and be granted Full LAP Certification by January 2026.

Sincerely,
