Amendments to FY 2018 - 2021 Transportation Improvement Program of the Coastal Region Metropolitan Planning Organization (CORE MPO)

October 2017

The Transportation Improvement Program (TIP) is the MPO's short-range programming document and is a staged, multi-year listing of surface transportation projects proposed for federal, state and local funding within the metropolitan area. The TIP may be modified in accordance with the procedures outlined in the adopted Participation Plan by resolution of the CORE MPO Board if priorities, area goals, project schedules or funding levels change. The CORE MPO's FY 2018 - 2021 TIP was adopted by the MPO Board in June 2017. TIP amendments were processed for two projects related to US 17 Widening in August 2017. The original adopted TIP document and the amendment report are both available for review on the CORE MPO website at <http://www.thempc.org/Dept/Tip>.

In September 2017 the Georgia Department of Transportation (GDOT) requested TIP amendments be processed for PI# 532370, SR 144 EB FROM S OF CR 100 TO S OF CR 154. The amendments are to delete the project from the FY 2018 – 2021 TIP and revise cost estimates. GDOT indicated that the amendments are needed because GDOT moved the construction phase of this project (currently programmed in FY 2018) to a later year outside of the 4-year TIP window of FY 2018 – 2021 due to environmental analysis and congressional district balancing.

The adopted TIP/STIP amendment process outlined in the CORE MPO's Participation Plan requires public review and comment and responses to all comments (either individually or in summary form) for all TIP amendments. In order to process the proposed TIP amendments, CORE MPO advertised a fifteen (15) day public review and comment period as well as a public hearing in the Savannah Morning News on Sunday, October 8, 2017. The notice was sent to the local news media and the consultation agencies as well as neighborhood associations, and posted on the CORE MPO website. The official comment period was from October 10, 2017 to October 24, 2017. The public hearing was held in conjunction with the CORE MPO Board meeting on October 25, 2017. No written comments have been received. Comments and questions raised at the October 2017 CORE MPO advisory committee and board meetings have been responded to on the spot.

The proposed amendments to the FY 2018 - 2021 TIP were endorsed by the Citizens Advisory Committee (CAC) on October 5, 2017 and the Technical Coordinating Committee (TCC) on October 11, 2017. The CORE MPO Board approved these TIP amendments on October 25, 2017.

The following summarizes the October 2017 amendments to CORE MPO's FY 2018 – 2021 TIP.
