

**Resolution to Amend the FY 2018 – 2021 Transportation Improvement Program of
the Coastal Region Metropolitan Planning Organization (CORE MPO)**

WHEREAS, the Coastal Region Metropolitan Planning Organization (CORE MPO) desires to adopt amendments to the FY 2018 - 2021 Transportation Improvement Program (TIP) for the CORE MPO transportation planning area; and

WHEREAS, the proposed TIP amendments include the following changes:

- PI# 532370, SR 144 EB FROM S OF CR 100 TO S OF CR 154:
 - add the project (both the construction phase and the utility phase) back to FY 2018;
 - adjust the project's cost estimates; and
- PI# 0012757, I-16 Widening from I-95 to I-516:
 - adjust the project's cost estimates for both the right-of-way and construction phases in FY 2018 through FY 2021; and
- PI# 0012758, I-16 @ I-95 Interchange Reconstruction:
 - adjust the project's cost estimates for both the right-of-way and construction phases in FY 2018 through FY 2021.

WHEREAS, CORE MPO has completed a 15-day public review and comment period for the proposed TIP amendments according to the Participation Plan and addressed all received comments; and

WHEREAS, CORE MPO desires to complete the amendment process to incorporate the proposed changes into the FY 2018 – 2021 TIP.

NOW, THEREFORE, BE IT RESOLVED THAT, the Coastal Region Metropolitan Planning Organization approves the proposed amendments to the FY 2018 - 2021 Transportation Improvement Program as shown in the summary of TIP amendment report with any corrections based upon the motion of February 28, 2018.

Approved this day, February 28, 2018.

Albert J. Scott, Chairman

Coastal Region Metropolitan Planning Organization

Amendments to FY 2018 - 2021 Transportation Improvement Program of the Coastal Region Metropolitan Planning Organization (CORE MPO)

February 2018

The Transportation Improvement Program (TIP) is the MPO's short-range programming document and is a staged, multi-year listing of surface transportation projects proposed for federal, state and local funding within the metropolitan area. The TIP may be modified in accordance with the procedures outlined in the adopted Participation Plan by resolution of the CORE MPO Board if priorities, area goals, project schedules or funding levels change. The CORE MPO's FY 2018 - 2021 TIP was adopted by the MPO Board in June 2017. Since then a series of TIP amendments have been processed regarding several projects. The original adopted TIP document and the amendment reports are all available for review on the CORE MPO website at <http://www.thempc.org/Dept/Tip>.

In January 2018 the Georgia Department of Transportation (GDOT) requested amendments be made to the 2040 Total Mobility Plan (MTP) and the FY 2018 – FY 2021 Transportation Improvement Program (TIP) to update the funding amounts of the Right-of-Way (ROW) and Construction (CST) phases for PI# 0012757 (I-16 Widening from I-95 to I-516) and PI# 0012758 (I-16 @ I-95 Interchange Reconstruction). Basically, the requests are to allocate all of the ROW and CST funds originally programmed for PI# 0012758 to PI# 0012757. GDOT indicated that

- 1) moving funds from PI# 0012758 to PI# 0012757 will allow for easier accounting of Right-of-Way and Construction activities;
- 2) a funding increase was determined to be necessary to allow for potential change orders during the implementation phase of these projects; and
- 3) the fund source for these phases will not be changed.

In a separate request GDOT would like to move back to the FY 2018 – 2021 TIP PI 532370- SR 144 EB FROM S OF CR 100 TO S OF CR 154. This project was included in the original TIP (both Construction (CST) and Utility (UTL) phases were programmed in FY 2018), but GDOT requested an amendment to move the project to FY 2022 in October 2017 (effectively out of the TIP) due to environmental analysis and congressional balancing. Now that the issues have been resolved, GDOT requested to move both the CST and UTL phases back to FY 2018 with some slight cost updates.

The adopted TIP/STIP amendment process outlined in the CORE MPO's Participation Plan requires public review and comment and responses to all comments (either individually or in summary form) for all TIP amendments. In order to process the proposed TIP amendments, CORE MPO advertised a fifteen (15) day public review and comment period in the Savannah Morning News on Sunday, February 11, 2018. The notice was sent to the local news media and the consultation agencies as well as neighborhood associations, and posted on the CORE MPO website. The official comment period lasted from February 14, 2018 to February 28, 2018. A public hearing was held for the proposed TIP amendments in conjunction with the CORE MPO Board meeting on February 28, 2018. All of the received comments have been addressed.

The amendments to the FY 2018 - 2021 TIP were endorsed by the Technical Coordinating Committee (TCC) and the Citizens Advisory Committee (CAC) on February 22, 2018. The CORE MPO Board approved these TIP amendments on February 28, 2018.

The following outlines the February 2018 amendments to the FY 2018 – 2021 TIP.

I-16 Widening from I-95 to I-516

- **PI #:** 0012757
- **MTP Priority:** Preliminary Engineering (PE), Right-of-Way (ROW) and Construction (CST) phases (including utility phase) are included in the 2040 MTP, Cost Band One (2015 – 2020); CST phase is also included in the 2040 MTP, Cost Band Two (2021 – 2030).
- **Project description:** Widen I-16 from I-95 to I-516. This is a design-build project. Specific scope of work is being developed by GDOT.
- **Project Status:** PE funds were authorized in FY 2016. ROW is programmed in FY 2019. CST is programmed in FY 2018, 2019, 2020 and 2021.
- **Amendment:** GDOT requested to adjust the project’s cost estimates for both the ROW and CST phases in FY 2018 through FY 2021 (see Funding/Year details below). The effect of this change is to allocate funds programmed for PI# 0012758 to PI# 0012757 with a minor combined increase of \$850,000.
- **Reason for Amendment:** Roadway project phases that increase in cost over the thresholds described in the Administrative Modification section (\$2,000,000 or 20% of the amount to be authorized) are considered amendments.
- **Funding/Year:** The funding code (Z001) for this project remains unchanged.

Revisions to PI# 0012757 (I-16 Widening from I-95 to I-516):

Status	Phase	FY 2018	FY 2019	FY 2020	FY 2021
Current	Right-of-Way	\$0	\$3,500,000	\$0	\$0
Proposed Revision	Right-of-Way	\$0	\$6,100,000	\$0	\$0
Current	Construction	\$5,600,000	\$24,100,000	\$50,200,000	\$51,100,000
Proposed Revision	Construction	\$3,500,000	\$49,500,000	\$106,300,000	\$99,500,000

- **Requesting date:** January 2018
- **Requesting Agency:** GDOT
- **Comment Period:** 02/14/2018 – 02/28/2018

I-16 @ I-95 Interchange Reconstruction

- **PI #:** 0012758
- **MTP Priority:** Preliminary Engineering (PE), Right-of-Way (ROW) and Construction (CST) phases (including utility phase) are included in the 2040 MTP, Cost Band One (2015 – 2020); CST phase is also included in the 2040 MTP, Cost Band Two (2021 – 2030).
- **Project description:** Interchange reconstruction at I-95/I-16. This is a design-build project. Specific scope of work is being developed by GDOT.
- **Project Status:** PE funds were authorized in FY 2015, 2016 and 2017. ROW is programmed in FY 2019. CST is programmed in FY 2018, 2019, 2020 and 2021.

- **Amendment:** GDOT requested to adjust the project’s cost estimates for both the ROW and CST phases in FY 2018 through FY 2021 to \$0 (see Funding/Year details below). The effect of this change is to allocate funds programmed for PI# 0012758 to PI# 0012757 with a minor combined increase of \$850,000. Even though the project’s costs will be shown as \$0, GDOT indicated that the project cannot be deleted from the FY 2018 - 2021 TIP for two reasons:
 - 1) federal funds have already been spent on it; and
 - 2) the Governor’s Major Mobility Improvement Program (MMIP) is being handled out of the GDOT Office of Innovative Delivery and this project is listed as a standalone project in the MMIP, even though it’s being delivered with the I-16 widening project.
- **Reason for Amendment:** Roadway project phases that change in cost over the thresholds described in the Administrative Modification section (\$2,000,000 or 20% of the amount to be authorized) are considered amendments.
- **Funding/Year:** The funding code (Z001) for this project remains unchanged.

Revisions to PI# 0012758 (I-16 @ I-95 Interchange Reconstruction):

Status	Phase	FY 2018	FY 2019	FY 2020	FY 2021
Current	Right-of-Way	\$0	\$2,600,000	\$0	\$0
Proposed Revision	Right-of-Way	\$0	\$0	\$0	\$0
Current	Construction	\$5,600,000	\$26,650,000	\$48,250,000	\$49,050,000
Proposed Revision	Construction	\$0	\$0	\$0	\$0

- **Requesting date:** January 2018
- **Requesting Agency:** GDOT
- **Comment Period:** 02/14/2018 – 02/28/2018

SR 144 EB FROM S OF CR 100 TO S OF CR 154

- **PI #:** 532370
- **MTP Priority:** Construction (CST) phase (including utility phase) is included in the 2040 MTP, Cost Band Two.
- **Project description:** The proposed project is for widening and reconstruction of SR 144 beginning west of CR 100, Timber Trail Rd. (MP 11.196) and ending east of CR 154, Belfast River Rd. and Capt. Matthew Freeman Rd (MP 16.247). The existing roadway is a 2-lane section with 12 ft. lanes and 4 ft. grassed shoulders. The proposed construction will widen SR 144 from the beginning of the project to SR 144 Spur to an urban 4 lane section of roadway with 2 lanes in each direction. The roadway will consist of 11 ft. inside lanes, 12 ft. outside lanes, 4 ft. bike lane on each edge of the outside travel lanes, 20 ft. raised grass median, 5 ft. sidewalks, and 12 ft. shoulders. From SR 144 Spur to the end of the project, the proposed construction will be a rural 4 lane section of roadway with 2 lanes in each direction. The roadway will consist of 11 ft. inside lanes, 12 ft. outside lanes, 20 ft. raised grass median, and 10 ft. shoulders with 6.5 ft. paved. The existing bridge at Sterling Creek (MP 12.69) will be widened. The total length of the project is 5.051 miles.

- **Project Status:** Both CST and UTL phases were programmed in FY 2018 in the original FY 2018 – 2021 TIP, but GDOT requested to move the project to FY 2022 (practically deleting the project from the TIP) in October 2017 due to environmental analysis and congressional balancing. Now the issues have been resolved.
- **Amendment:** GDOT requested to move the project (both CST phase and UTL phase) back to FY 2018 with slight cost increases.
- **Reason for Amendment:** Addition of a project or addition of a phase of a project to the TIP is considered an amendment.
- **Funding/Year:** The funding code for this project is Z240.

Revisions to PI 532370- SR 144 EB FROM S OF CR 100 TO S OF CR 154

Phase	Old Program Year	Fund Source	Total Fed/State Cost	MPO Total Fed/State	Updated Program Year	MPO Total Fed/State Cost

Appendix C: Public Involvement Materials

February 2018

PUBLIC NOTICE FOR TIP AMENDMENTS

The Coastal Region Metropolitan Planning Organization (CORE MPO), the transportation planning agency for the Savannah urbanized area, is requesting the public to review and provide comments on proposed amendments to the FY 2018 – 2021 TIP. The TIP is the short-term programming document that lists transportation improvement projects to receive funding in the next four years. A report providing details of the proposed TIP amendments is available for review at the Live Oak public libraries, the Chatham County-Savannah Metropolitan Planning Commission (MPC) office, the MPC website at <http://www.thempc.org/Dept/Tran>, and other public review agencies. Any changes to the report will be posted on the website.

The comment period starts on **February 14, 2018** and written comments on the proposed TIP amendments will be accepted until close of business on **February 28, 2018**. Please send your comments to Wykoda Wang, Metropolitan Planning Commission, 110 E. State Street, Savannah, GA 31401, or via email at wangw@thempc.org.

CORE MPO will host a public hearing at the February 2018 CORE MPO Board meeting for the proposed FY 2018 – 2021 TIP amendments. Meeting time and location are listed below:

CORE MPO Board Meeting

February 28, 2018

10:00 a.m.

MPC Arthur A. Mendonsa Hearing Room

112 East State Street, Savannah, GA 31401

For a complete list of public review agencies or additional information regarding the proposed TIP amendments, please call (912) 651-1466.

Disclaimer: The Chatham County-Savannah Metropolitan Planning Commission (MPC) and Coastal Region Metropolitan Planning Organization (CORE MPO) are committed to the principle of affirmative action and prohibit discrimination against otherwise qualified persons on the basis of race, color, religion, national origin, age, physical or mental disability, and where applicable, sex (including gender identity and expression), marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program in its recruitment, employment, facility and program accessibility or services. MPC and CORE MPO are committed to complying with and enforcing the provisions of the Title VI of the Civil Rights Act and other federal and state non-discrimination authorities. CORE MPO is also committed to taking positive and realistic affirmative steps to ensure the protection of rights and opportunities for all persons affected by its plans and programs.

Subject: Amendment Request - PI# 0012757 (I-16 Widening) and PI# 0012758 (I-16 @ I-95 Interchange Reconstruction)

Good Morning Wykoda,

The Planning Office requests an amendment to the 2040 Total Mobility Plan (MTP) and the FY 2018 – FY 2021 Transportation Improvement Program (TIP). Please update the funding amounts for the ROW and CST phases for PI# 0012757 (I-16 Widening from I-95 to I-516) and PI# 0012758 (I-16 @ I-95 Interchange Reconstruction) as shown below. Moving funds from 0012758 to 0012757 will allow for easier accounting of Right-of-Way and Construction activities. A funding increase was determined to be necessary to allow for potential change orders during the implementation phase of these projects. The fund source for these phases will not be changed.

Revisions to PI# 0012757 (I-16 Widening from I-95 to I-516):

Status	Phase	FY 2018	FY 2019	FY 2020	FY 2021
Current	Right-of-Way	\$0	\$3,500,000	\$0	\$0
Proposed Revision	Right-of-Way	\$0	\$6,100,000	\$0	\$0
Current	Construction	\$5,600,000	\$24,100,000	\$50,200,000	\$51,100,000
Proposed Revision	Construction	\$3,500,000	\$49,500,000	\$106,300,000	\$99,500,000

Revisions to PI# 0012758 (I-16 @ I-95 Interchange Reconstruction):

Status	Phase	FY 2018	FY 2019	FY 2020	FY 2021
Current	Right-of-Way	\$0	\$2,600,000	\$0	\$0
Proposed Revision	Right-of-Way	\$0	\$0	\$0	\$0
Current	Construction	\$5,600,000	\$26,650,000	\$48,250,000	\$49,050,000
Proposed Revision	Construction	\$0	\$0	\$0	\$0

All other aspects of these projects will remain the same. Thank you for your help and please let us know if you have any questions.

Sincerely,
 William

William,

So you are basically proposing to delete PI# 0012758 from both the 2040 MTP and the FY 2018 – 2021 TIP (ROW and CST cost estimates are both \$0 now)?

Also another question – has FHWA approved the FY 2018 – 2021 STIP?

Thanks.

Wykoda

Subject: Re: Amendment Request - PI# 0012757 (I-16 Widening) and PI# 0012758 (I-16 @ I-95 Interchange Reconstruction)

Wykoda,

We cannot delete 0012578 due to federal funds already being spent on the project. It will need to stay in the TIP with \$0 in future phases.

And yes, the STIP was approved late last year by FHWA.

Thank you,

William

The Governor's Major Mobility Improvement Program being handled out of the Office of Innovative Delivery. It's listed as a stand alone project in the MMIP, even though it's being delivered with the widening.

Can't delete it.

Subject: PI 532370- Amendment to the FY 2018-2021 Transportation Improvement Plan (TIP) and Addendum to the 2040 Metropolitan Transportation Plan (MTP)

Wykoda,

In October 2017, GDOT requested an amendment to move PI# 532370- fiscal years for its CST and UTL phases. The proposed fiscal year moved from FY 2018 to FY 2022 due to environmental analysis and congressional balancing; we are pleased to inform you, such CST and UTL phases are back to FY 2018. Please update the proposed fiscal year for PI 532370- for the February TCC and PC meeting agendas. Your expeditious processing is greatly appreciated.

In addition to the table below, here is a summary of the proposed changes for PI 532370-

- o Total CST cost is \$23,215,104.41 (from which CORE MPO has 58% of segment)
- o Total UTL cost is \$1,512,143.55 (from which CORE MPO has 58% of segment)
- o Reason for Amendment: Adding a phase to the TIP
- o Work type: Widening

PI 532370- SR 144 EB FROM S OF CR 100 TO S OF CR 154

Phase	Old Program Year	Fund Source	Total Fed/State Cost	MPO Total Fed/State	Updated Program Year	MPO Total Fed/State Cost
CST	2022	Z240	\$23,215,104.41	\$13,464,761	2018	\$13,464,761
UTL	2022	Z240	\$1,512,143.55	\$877,044	2018	\$877,044

Thank you for your help with this! Let me know if you have any questions.

-Vivian

Subject: RE: For your review and comment - amendments to FY 2018 - 2021 Transportation Improvement Program

Hello Wykoda,

Thanks for including me in the amendment notice. In the future please advise Larry Stuber of these notices as well, his email is attached. I have retired as volunteer executive director and Larry will also be reviewing local transportation projects that have trails/bike routes within the MPO boundaries (including part of Richmond Hill). Please keep me on your list as well.

As for my comments on the subject amendment. I am in favor of moving ahead with SR 144 EB FROM S OF CR 100 TO S OF CR 154 PI #: 532370. Does it extend along Bryan Neck Road or Fort McAllister Road (outside of the MPO boundary)? Please advise.

Thank you for the opportunity to comment.

Subject: RE: For your review and comment - amendments to FY 2018 - 2021 Transportation Improvement Program

Jo,

Thank you very much for your input. I will include Larry in my future correspondence.

The SR 144 project is located both within and outside of the CORE MPO boundary. The proposed project is for widening and reconstruction of SR 144 beginning west of CR 100, Timber Trail Rd. (MP 11.196) and ending east of CR 154, Belfast River Rd. and Capt. Matthew Freeman Rd (MP 16.247). GDOT is responsible for the rural segment. Please refer to the TIP amendment report or GDOT website for reference.

Thanks again.

Wykoda
