2.0 Introduction & Description of Services

The Coastal Region Metropolitan Planning Organization (CORE MPO) is the designated Metropolitan Planning Organization (MPO) for the Savannah urbanized area. CORE MPO was designated a TMA in July 2002. CORE MPO is a comprehensive, cooperative and continuing process and is the forum for decision-making on transportation issues in the Savannah area.

The CORE MPO’s Metropolitan Planning Area (MPA) includes all of Chatham County, the portion of the 2010 Savannah Urbanized Area located in Effingham County, the City of Richmond Hill, and the portion of the 2010 Savannah Urbanized Area located in unincorporated Bryan County (see map below).

As the designated MPO for the Savannah area, CORE MPO coordinates the regional transportation planning process and investments for the area including:

- Development and adoption of an annual Unified Planning Work Program (UPWP), which identifies transportation planning activities, major regional planning and operational studies, transit-system planning tasks, and interagency coordination between CORE MPO and state and local jurisdictions;
- Development and maintenance of the Metropolitan Transportation Plan (MTP), a 20 plus year plan for transportation systems and investments;
• Development and maintenance of the Transportation Improvement Program (TIP), a four-year schedule of federally funded projects;

• Development and maintenance of the Congestion Management Process (CMP), which identifies congestion areas in the region and develops strategies to relieve congestion; and

• Providing opportunities for public involvement in the transportation planning and decision-making process following the adopted guidelines in the CORE MPO’s Participation Plan.

CORE MPO is governed by a policy committee (CORE MPO Board) made up of elected officials from the jurisdictions within the Savannah area, as well as representatives of the Georgia Department of Transportation (GDOT) and the modal agencies. The organization of CORE MPO consists of the CORE MPO Board and four (4) advisory committees: (1) the Technical Coordinating Committee (TCC), (2) the Economic Development and Freight Advisory Committee (EDFAC), (3) the Citizens Advisory Committee (CAC), and (4) the Advisory Committee on Accessible Transportation (ACAT). Additional committees, subcommittees and ad hoc committees are formed as deemed necessary. The Chatham County – Savannah Metropolitan Planning Commission (MPC) provides staffing and administrative support to CORE MPO.

As a sub-recipient of FHWA and FTA funds, the CORE MPO’s transportation planning program is required to comply with Title VI of the 1964 Civil Rights Act, the President’s Executive Order on Environmental Justice, and related nondiscrimination statutes, executive orders, and federal regulations. The primary function of the CORE MPO’s Title VI/Nondiscrimination Program is to address Title VI and Environmental Justice principles and requirements as they apply to the CORE MPO’s transportation planning process. CORE MPO submits this Title VI Plan in compliance with Title VI of the Civil Rights Act of 1964, 49 CFR Part 21, and the guidelines of FTA Circular 4702.1B, published October 1, 2012.

CORE MPO must designate a liaison for Title VI issues and complaints within the organization. The liaison is the focal point for Title VI implementation and monitoring of activities receiving federal financial assistance. Key responsibilities of the Title VI Liaison include:

- Maintain knowledge of Title VI requirements.
- Ensure that all CORE MPO program administration is in compliance with Title VI requirements.
- Monitor progress, implementation, and compliance issues.
- Attend training on Title VI and other nondiscrimination authorities when offered by GDOT or any other regulatory agency.
- Disseminate Title VI information to the public including in languages other than English, when necessary.
- Provide Title VI information on the CORE MPO website and provide Title VI training and/or materials upon request.
- Develop a process to collect data related to race, gender and national origin of planning area population to ensure low income, minorities, and other underserved groups are included and not discriminated against.
- Ensure that no person is denied access to, or participation in MPO plans and programs.
- Ensure that full and fair participation is available to all potentially impacted communities in the decision-making process.
- Distribute Title VI information to MPO staff, committee members, sub-recipients and contractors.
Ensure that intergovernmental agreements or contracts with any subcontracting entities will include language that requires Title VI compliance including nondiscrimination and environmental justice language.

Implement procedures for the prompt processing, investigating and resolving of Title VI complaints regarding CORE MPO, sub recipients, consultants, and contractors.

Sign the GDOT-MPO Joint Certification during the annual TIP development process which includes compliance with Title VI provisions.

The Executive Director of the Chatham County – Savannah Metropolitan Planning Commission (MPC) oversees the CORE MPO transportation planning process and compliance with the Civil Rights Act, Title VI and other related nondiscrimination acts. The Transportation Administrator of MPC serves as the Alternate Title VI Liaison and is responsible for coordinating with the Title VI Specialist in GDOT’s Office of Civil Rights and for managing the day-to-day operations of the CORE MPO’s Title VI compliance process.

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from FHWA/FTA must be accompanied by an assurance that the applicant will carry out the program in compliance with Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances. Primary recipients will collect Title VI assurances from sub-recipient prior to passing through FHTA/FTA funds.

CORE MPO will remain in compliance with this requirement by annual submission of certifications and assurances as required by GDOT.

2.3 Title VI Plan Concurrence and Adoption

This Title VI Plan was adopted by the CORE MPO Board during a meeting held on August 7, 2019. The Plan received GDOT concurrence on August 19, 2019. A copy of the adoption resolution signed by the CORE MPO Board Chairman and the GDOT concurrence letter are included in Appendix C of this Plan.
3.0 Title VI Notice to the Public

FTA Circular 4702.1B, Chapter III, Paragraph 5: Title 49 CFR 21.9(d) requires recipients to provide information to the public regarding the recipient’s obligations under DOT’s Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI.

3.1 Notice to Public

FHWA/FTA funding recipients must notify the public of its rights under Title VI and include the notice and where it is posted in the Title VI Plan. The notice must include:

- A statement that the agency operates programs without regard to race, color and national origin
- A description of the procedures members of the public should follow in order to request additional information on the grantee’s nondiscrimination obligations
- A description of the procedure members of the public should follow in order to file a discrimination complaint against the grantee

CORE MPO’s Title VI Notice to the Public is included in Appendix D of this Plan. The notice has been translated into Spanish based on the Safe Harbor Threshold analysis defined in the Language Assistance Plan (LAP).

3.2 Notice Posting Locations

The Notice to Public will be posted at many locations to apprise the public of CORE MPP’s obligations under Title VI and to inform them of the protections afforded them under Title VI. The notice is posted in public areas of the MPC office including the lobby, reception desk and meeting rooms, and on the MPC website at https://www.thempc.org/Core/TitleVI.
4.0 Title VI Procedures and Compliance

FTA Circular 4702.1B, Chapter III, Paragraph 6: All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them and make their procedures for filing a complaint available to member of the public.

4.1 Complaint Procedure

Any person who believes he or she has been discriminated against on the basis of race, color or national origin by CORE MPO may file a Title VI complaint by completing and submitting the agency’s Title VI Complaint Form (refer to Appendix E). CORE MPO investigates complaints received no more than 180 days after the alleged incident. CORE MPO will process complaints that are complete.

Once the complaint is received, CORE MPO will review it to determine if our office has jurisdiction. The complainant will receive an acknowledgement letter informing him/her whether the complaint will be investigated by our office.

CORE MPO has ninety (90) days to investigate the complaint. If more information is needed to resolve the case, CORE MPO may contact the complainant. The complainant has ten (10) business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within ten (10) business days, CORE MPO can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. A LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member or other action will occur. If the complainant wishes to appeal the decision, she/he has seven (7) days to do so from the time he/she receives the closure letter or the LOF.

The complaint procedure will be made available to the public on the CORE MPO website at https://www.thempc.org/Core/TitleVi.

4.2 Complaint Form

A copy of the complaint form in English and Spanish is provided in Appendix E of the Title VI Plan on the CORE MPO website at https://www.thempc.org/Core/TitleVi.

4.3 Record Retention and Reporting Policy

FTA requires that all direct and primary recipients (GDOT) document their compliance by submitting a Title VI Plan to their FTA regional civil rights officer once every three (3) years. CORE MPO as a GDOT subrecipient will submit our Title VI Plan to GDOT for concurrence on an annual basis or any time a major change in the Plan occurs.

Compliance records and all Title VI related documents will be retained for a minimum of three (3) years and reported to the primary recipient (GDOT) annually.
4.4 Sub-recipient Assistance and Monitoring

CORE MPO currently has two sub-recipients (consultants to performed special studies) of FHWA discretionary planning funds listed below. CORE MPO is required to ensure that sub-recipients of federal funds comply with all Title VI requirements. To meet this mandate, CORE MPO monitoring consists of collecting data from the consultants through progress report, DBE participation invoice, and other reports/forms. CORE MPO uses these reports to determine if the sub-recipients are complying with the Title VI requirements as outlined in FTA Circular 4702.1B and their Title VI Plan.

Title VI Complaint procedures, Title VI Complaint Form, and the CORE MPO’s Title VI Notice have been developed and distributed to our sub-recipients. CORE MPO also assists the sub-recipients with demographic maps for Title VI purposes upon request.

4.5 Sub-recipients and Subcontractors

CORE MPO is responsible for ensuring that subcontractors are in compliance with Title VI requirements. Sub recipients may not discriminate in the selection and retention of any subcontractors. Subcontractors also may not discriminate in the selection and retention of any subcontractors. CORE MPO and its subcontractors may not discriminate in their employment practices in connection with federally assisted projects. Subcontractors are not required to prepare or submit a Title VI Plan. However, the following nondiscrimination clauses will be inserted into every contract with contractors and subcontractors subject to Title VI regulations.

Nondiscrimination Clauses

During the performance of a contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the “Contractor”) must agree to the following clauses:

1. Compliance with Regulations: The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, “USDOT”) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.

2. Nondiscrimination: The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. Solicitations for Subcontractors, including Procurements of Materials and Equipment: In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the subcontractor’s obligations under this contract and the
Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.

4. **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Georgia Department of Transportation, the Federal Highway Administration and/or the Federal Transit Administration, to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the Georgia Department of Transportation, the Federal Highway Administration and/or the Federal Transit Administration, as appropriate, and shall set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance:** In the event of the Contractor’s noncompliance with the nondiscrimination provisions of this contract, CORE MPO shall impose contract sanctions as appropriate, including, but not limited to:
   a. withholding of payments to the Contractor under the contract until the Contractor complies, and/or
   b. cancellation, termination or suspension of the contract, in whole or in part.

6. **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as CORE MPO, Georgia Department of Transportation, the Federal Highway Administration, and/or the Federal Transit Administration, may direct as a means of enforcing such provisions including sanctions for noncompliance.

**Disadvantaged Business Enterprise (DBE) Policy**

As a condition of our agreement with GDOT, CORE MPO and its contractors and subcontractors agree to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 26, as amended, have the opportunity to participate in the performance of contracts. CORE MPO and its contractor and subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of any contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of GDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of the contract or such other remedy as the recipient deems appropriate.

**E-Verify**

As a condition of our agreement with GDOT, vendors and contractors of CORE MPO shall utilize the U.S. Department of Homeland Security’s E-Verify system to verify the employment eligibility of all new employees hired by the vendor or contractor while contracted with CORE MPO. Additionally, vendors and contractors shall expressly require any subcontractors performing work or providing services pursuant to work for CORE MPO shall likewise utilize the U.S. Department of Homeland Security’s E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor while working for CORE MPO.
5.0 Title VI Investigations, Complaints, and Lawsuits

FTA Circular 4702.1B, Chapter III, Paragraph 7: In order to comply with the reporting requirements of 49 CFR 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin: active investigations; lawsuits, and complaints naming the recipient.

In accordance with 49 CFR 21.9(b), CORE MPO must record and report any investigations, complaints, or lawsuits involving allegations of discrimination. The records of these events shall include the date the investigation, lawsuit, or complaint was filed; a summary of the allegations; the status of the investigation, lawsuit, or complaint; and actions taken by CORE MPO in response; and final findings related to the investigation, lawsuit, or complaint. The records for the previous three (3) years shall be included in the Title VI Plan when it is submitted to GDOT. The format to summarize these incidents is shown in Table 1.

CORE MPO has had no investigations, complaints, or lawsuits involving allegations of discrimination on the basis of race, color, or national origin over the past three (3) years.

6.0 Public Participation Plan

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.4: Every Title VI Plan shall include the following information: A public participation plan that includes an outreach plan to engage minority and limited English proficient populations, as well as a summary of outreach efforts made since the last Title VI Plan submission. A recipient’s targeted public participation plan of minority populations may be part of efforts that extend more broadly to include constituencies that are traditionally underserved, such as people with disabilities, low-income populations, and others.

The Participation Plan (PP) for CORE MPO was developed to ensure that all members of the public, including minorities and Limited English Proficient (LEP) populations, are encouraged to participate in the decision-making process for CORE MPO. Policy and service delivery decisions need to take into consideration community sentiment and public opinion based upon well-executed outreach efforts. The public outreach strategies described in the PP are designed to provide the public with effective access to information about the CORE MPO’s planning process and to provide a variety of efficient and convenient methods for receiving and considering public comment prior to adoption of CORE MPO’s plans and programs. The PP is included as Appendix F to this Title VI Plan.

Current Outreach Efforts

CORE MPO is required to submit a summary of public outreach efforts made over the last three (3) years. The following is a list and short description of CORE MPO’s recent, current, and planned outreach activities.

- March 2016 – adoption of revised Participation Plan (PP) as a part of the Title VI Program after a 45-day public review and comment period. Revisions to the PP included updates to Measures of Effectiveness (MOEs), updates to the public involvement process for MTP and TIP amendments, updates to include public involvement process for other MPO’s plans and programs (CMP, Title VI, etc.), and updates to public involvement venues (media contact list, public review agencies, neighborhood associations, etc.).

- March 2016 to August 2019 – continued public involvement process for MTP amendments and TIP development/amendments according to the procedures outlined in the Participation Plan: advertisements, making documents ready for public review, collecting and incorporating input from MPO Board and advisory committees, hosting public meetings, responding to and reporting on written and oral comments from the public, incorporating comments into final documents, etc.

- March 2016 to August 2019 – continued public involvement process for other MPO plans and programs (CMP, Freight Plan, UPWP, etc.) through the committee process.

- March 2016 to August 2019 – continued to maintain and revise the CORE MPO’s website to distribute the MPO’s planning and programming information. The revised MPO website incorporated Google Translation support to convert the web contents to various languages.

- March 2016 to August 2019 – continued to provide information to governments, agencies and the general public on traffic counts, transportation improvement projects, various developments, etc.

- March 2016 to August 2019 – continued to staff the two public outreach committees - Citizens Advisory Committee (CAC) and the Advisory Committee on Accessible Transportation (ACAT). The MPO added a voting member for ACAT for the deaf community and secured sign language interpreters.
- March 2016 to August 2019 – continued to provide orientation on the CORE MPO’s planning process to CORE MPO Board and advisory committee members.

- June 2017 to August 2019 – intensive public involvement process for 2045 Metropolitan Transportation Plan development: advertisements through local media, website and social media; development and utilization of surveys, brochures, newsletters, maps, games, comment cards and other handouts; establishment of working groups and hosting working group meetings; hosting committee meetings, public meetings and public information open houses; making presentations at various government, agency, organization and neighborhood meetings; making draft document ready for public review, responding to and reporting on written and oral comments, and incorporation of comments into final document; translation of surveys and executive summary to Spanish; evaluation of the effectiveness of public involvement process, etc.

- April to August 2019 – updates to the CORE MPO’s Participation Plan and Title VI Plan (including the Language Assistance Plan and Environmental Justice Plan). Major updates include converting the MPO’s Title VI Plan to GDOT format, incorporating results from the latest census information, evaluating the quantitative public involvement measures of effectiveness for the past three years, incorporation of additional Title VI related goals and objectives, and incorporating the public involvement process and EJ analysis from the 2045 MTP Update. The plan updates included a 45-day public review and comment period for the documents.
7.0 Language Assistance Plan

CORE MPO conducts transportation planning for the Savannah region. The Language Assistance Plan (LAP) has been prepared to address CORE MPO’s responsibilities as they relate to the needs of individuals with Limited English Proficiency (LEP) during the transportation planning process. Individuals who have a limited ability to read, write, speak or understand English are LEP persons. In the three-county Savannah Metropolitan Statistical Area (MSA) there are 2,908 residents or 1.07% who describe themselves as not able to communicate in English very well (Source: 2010 US Census). Of these, 1,711 residents or 0.63% can only speak Spanish. This is the only group that has reached the Safe Harbor threshold. CORE MPO is federally mandated (Executive Order 13166) to take responsible steps to ensure meaningful access to the benefits, services, information and other important portions of its programs and activities for individuals who are LEP. CORE MPO has utilized the U.S. Department of Transportation (DOT) LEP Guidance Handbook and performed a four-factor analysis to develop its LAP. The LAP is included in this Title VI Plan as Appendix G.

Racial Breakdown of Advisory Committees

As indicated above, most of the CORE MPO Board and advisory committee members are position determined, particularly the CORE MPO Board, TCC and EDFAC. The CAC members are appointed by their respective municipalities through either an advertisement process (e.g. the City of Savannah advertises for and fills these positions) or other selection methods. The 4 interested citizens positions on ACAT are filled mostly by transit riders who are interested in the MPO’s planning process. Some of them are disabled, or low-income, or senior citizens. Overall, CORE MPO has no influence in determining racial breakdowns of these committee members. The hiring agencies/governments or the appointing municipalities determine who will serve on these committees.

However, the committee composition is reflective of the diverse population composition of the Savannah region to a degree (e.g. black majority within the City of Savannah), particularly ACAT that is charged with providing input on better the transit service in the area. The table below shows the racial breakdowns of the CORE MPO Board and advisory committees as of August 2019.

*Savannah MSA Statistics are based on 2010 census data.

For the committees, please be noted that we do not have detailed racial breakdown information on the members. The Latino, Asian and Native American percentages are mostly assumed to be 0 unless some data are available to the CORE MPO staff.
9.0 Title VI Equity Analysis

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.8: If the recipient has constructed a facility, such as vehicle storage, maintenance facility, operation center, etc., the recipient shall include a copy of the Title VI equity analysis conducted during the planning stage with regard to the location of the facility.

Title 49 CFR, Appendix C, Section (3)(iv) requires that “the location of projects requiring land acquisition and the displacement of persons from their residences and business may not be determined on the basis of race, color, or national origin.”

CORE MPO is a planning agency and does not operate transit services. The MPO is not in charge of constructing transit facilities. CORE MPO has not recently constructed any transit facilities nor does it currently have any transit facilities in the planning stage. Therefore, CORE MPO does not have any Title VI Equity Analysis reports to submit with this Plan.

CORE MPO does, however, develop Metropolitan Transportation Plans (MTPs) and Transportation Improvement Programs (TIPs) to guide federal transportation investments in the Savannah region. When the planned highway and/or transit projects enter the implementation stage, the implantation agencies (GDOT, Chatham Area Transit, etc.) make sure that the projects go through the required steps including the National Environmental Policy Act (NEPA) process before being constructed.

CORE MPO has developed an Environmental Justice (EJ) Plan in which the MPO utilizes the demographic information to analyze the equity distribution of transportation investments in the latest MTP. This report is included in Appendix I.
10.0 System-Wide Service Standards and Service Policies

FTA Circular 4702.1B, Chapter III, Paragraph 10: All fixed route transit providers shall set service standards and policies for each specific fixed route mode of service they provide.

CORE MPO is not a fixed route service provider.

- Title VI Complaint Form
- List of transit-related Title VI investigations, complaints, and lawsuits
- Public Participation Plan, including information about outreach methods to engage minority and limited English proficient populations (LEP), as well as a summary of outreach efforts made since the last Title VI Program submission

For State DOTs, the appropriate governing entity is the State’s Secretary of Transportation or equivalent. The approval must occur prior to submission to FTA.
- Additional information as specified in Chapters IV, V, and VI, depending on whether the recipient is a transit provider, a State, or a planning entity (see below)

**Requirements of MPOs as Subrecipients**

All MPOs as subrecipients must submit:

- All requirements set out in Chapter III (General Requirements)
- A demographic profile of the metropolitan area that includes identification of the locations of minority populations in the aggregate
- A description of the procedures by which the mobility needs of minority populations are identified and considered within the planning process
- Demographic maps that overlay the percent minority and non-minority populations as identified by Census or ACS data, at Census tract or block group level, and charts that analyze the impacts of the distribution of State and Federal funds in the aggregate for public transportation purposes, including Federal funds managed by the MPO as a designated recipient
An analysis of impacts identified in paragraph (4) that identifies any disparate impacts on the basis of race, color, or national origin, and, if so, determines whether there is a substantial legitimate justification for the policy that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact.

Current System Description
Current System Description

The Coastal Region Metropolitan Planning Organization (CORE MPO) is the designated Metropolitan Planning Organization (MPO) for the Savannah urbanized area. CORE MPO was designated a TMA in July 2002. CORE MPO is a comprehensive, cooperative and continuing process and is the forum for decision-making on transportation issues in the Savannah area.

As the designated MPO for the Savannah area, CORE MPO coordinates the regional transportation planning process and investments for the area including:

- Development and adoption of an annual Unified Planning Work Program (UPWP), which identifies transportation planning activities, major regional planning and operational studies, transit-system planning tasks, and interagency coordination between CORE MPO and state and local jurisdictions;
- Development and maintenance of the Metropolitan Transportation Plan (MTP), a 20 plus year plan for transportation systems and investments;
- Development and maintenance of the Transportation Improvement Program (TIP), a four-year schedule of federally funded projects;
