# Introduction

Garden City 2040 is the culmination of collaboration over this past year and would not have been possible without the time, knowledge and energy of those persons listed and to the hundreds of community members who came to events, participated in virtual public meetings, attended steering committees, answered our survey and provided their invaluable input.

The Chatham County—Savannah Metropolitan Planning Commission (MPC) would like to thank Garden City's City Council for engaging our organization in this important project. The continued support and participation of these community leaders is vital. Our sincere appreciation is expressed to these individuals. The MPC was pleased to have the opportunity to assist and support the community in developing Garden City's Comprehensive Plan Update.

# WELCOME LETTER

### LETTER FROM THE MAYOR

Don Bethune, Mayor of Garden City

This update is the product of a multitude of different types of public engagement endeavors and careful consideration by City staff and our City Council. An approved update is critically needed to ensure Garden City is able address the challenges and opportunities that we face today.

We recognize that in a time of crisis, such as COVID-19, while tracking and responding to immediate needs, considering the broader goals and vision of the City is challenging. Hence, the Garden City's 2040 Comprehensive Plan will serve as the appropriate guidance as we all work together to make Garden City a safe, family-oriented and business friendly community.

Public engagement has been a hallmark of the Comprehensive Plan update process. Through various engagement events and venues, the Metropolitan Planning Commission (MPC), serving as the agent for this update process, has heard from residents, community stakeholders and City representatives.

The Comprehensive Plan update that we are submitting reflects the key insight from the various participants as to the policies and actions that will prepare Garden City to manage the future changes with an eye toward equity, resilience, and shared prosperity. On behalf of the entire City Council and City staff, I want to express our gratitude and reaffirm our support as we continue to move Garden City forward together.

# **EXECUTIVE SUMMARY**

### Garden City 2040

Garden City's Comprehensive Plan is the community's principal guiding or "vision" document–designed to formulate a coordinated, long-term planning program to maintain and enhance the health and viability of the jurisdiction. The Comprehensive Plan lays out the desired future for Garden City, and relates how that future is to be achieved. The plan serves as a resource to both the public and private sector by projecting how land will develop, how housing will be made available, how jobs will be attracted and retained, how open space and the environment will be protected, how public services and facilities will be provided, and how transportation facilities will be improved. In short, Garden City's Comprehensive Plan is intended to provide for consistent policy direction.

Garden City's City Council and local community leaders will use the Garden City 2040 Comprehensive Plan in the following ways:

# The Future Land Use Map shall be referenced in making rezoning and capital investment decisions:

It provides a representation of the community's vision helping to guide development based on community preferences and also indicates character areas where various types of land uses should be permitted.

# The Comprehensive Plan provides policies that help guide day-to-day decisions:

These policies are reflections of community values identified through public outreach efforts. These policies will be used as guidelines in the analysis of rezoning decisions and other capital investment decisions.

## The Comprehensive Plan includes an Implementation Program that will direct public investment and private initiative:

Plan implementation is carried out through the adoption and revision of regulations, including zoning and development codes, and through the completion of projects and programs outlined in the Community Goals and Community Strategic Plan and Work Program. The Comprehensive Plan is a living document and should be updated regularly as conditions change and shifts occur in public policy.

The following pages describe the results of public participation that informed and guided the development of this planning document.

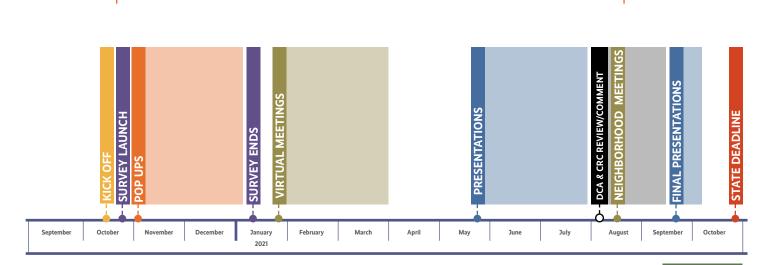

# **PLAN SCHEDULE**

The comprehensive planning process required approximately eighteen months to complete. From March 2020 to October 2021, the MPC worked closely with city planning staff, the City Council, and citizens of Garden City to identify issues, share strengths and develop visions, goals, and strategies for Garden City 2040.

City Council along with various stakeholders regularly reviewed planning concepts and provided feedback on critical issues.

# WHY DO WE PLAN?

The Georgia Planning Act requires that cities and counties maintain comprehensive plans that help shape future growth. These plans generally recognize the physical, economic, social, political, and aesthetic factors of a community and are developed in a process that includes thoughtful analysis and robust public engagement.

Garden City 2040 serves as the comprehensive plan for Garden City. The plan follows the minimum standards and procedures for local government planning set out in O.C.G.A. 50–8–7.1(b), reflecting the principles of partnership and the unique needs, conditions, and aspirations of the community.

To ensure that public participation in the planning process will result in meaningful implementation through zoning and other administrative mechanisms, a policy of "consistency" was discussed at public meetings. This proposed policy was strongly endorsed by the public. Garden City 2040 will be reviewed and amended prior to amending zoning or other implementing ordinances. In other words, official policy established in Garden City 2040 will become the basis for zoning amendments.

The six planning elements shown below are highlights of Garden City 2040.

- Quality of Life
- Economic Development
- Land Use
- Housing
- Transportation
- Natural Resources

# COMPONENTS OF GARDEN CITY 2040

Garden City 2040 is to be a tool used in evaluating future proposals and policy changes to ensure consistent decisions are made. Each element is comprised of a vision statement, goals, objectives and strategies to accomplish the vision. These terms, often used to describe policy recommendations are described below:

### **ELEMENT:**

These are the primary elements that must be included, at a minimum, in each community's Comprehensive Plan

### VISION:

Each element contains a vision statement that is supported by multiple goals. A vision statement can become a compass, pointing the way to a common direction.

### GOAL:

General overarching, broad statements describing the direction that a community wants to go.

# **OBJECTIVES:**

Express the kinds of action that are necessary to achieve the stated goals without assigning responsibility to any specific action.

# **STRATEGIES:**

Statements of specific actions that should be taken, identifying the responsible party/parties, the time frame within which the action should occur, and other details for implementation to occur.

### HOUSING

#### In 2040...

Garden City is a Safe, Family-Oriented and Business Friendly Community.

#### **GOAL:**

 Improve neighborhood stability where all residents, regardless of income, can occupy, maintain and improve their homes without undue financial hardship

# **Objectives:**

A. Assist households annually avoid eviction, foreclosure, property loss or homelessness

# Strategy:

 Survey and designate historically significant industrial buildings, complexes, and other at-risk infrastructure.
