

Timberline Shakeswood HD refers to the highly popular "Shakeswood" color in the **GAF Timberline High Definition (HD)** series of architectural asphalt roof shingles. It is renowned for its premium multi-dimensional, wood-shake look and rich, warm brown tones.  builderssupplyc... +4

The specific Timberline variations commonly associated with this color and their details:

1. **GAF Timberline HDZ (Current Standard)**

This is America's #1-selling architectural shingle, featuring a thicker layer design and GAF's **LayerLock Technology** for superior nail-gun accuracy.  GAF +2

Engineered to be first.
Built to last.

Our #1-selling shingle represents a legacy of relentless innovation — delivering the peak performance and dependability customers trust most.

Benefits:

- **Airway-leading innovation:** Layer8's technology powers StratoRadar, the industry's largest nailing zone. Paired with our legendary Duo Grip™ section, these features ensure that you'll shingle fast, in place, even under high wind conditions.
- **The industry's strongest wind warranty:** Timberline HD2® Shingles are eligible for the Windows® Limited Wind Warranty, the industry's first wind warranty with a proven wind speed limitometer, when installed with the required combination of GAF accessories.
- **GAF-exclusive algae-fighting technology:** 20-Year StarGuard Plus™ Algae Protection. Limited Warranty powered by proprietary time-release algae-fighting technology.
- **Peace of mind:** Timberline HD2® Shingles come with Lifetime coverage against manufacturing defects.
- **Impact rating:** Timberline HD2® passes the UL 2218 impact-Resistance Test with a Class 3 rating and may be eligible for insurance discounts!
- **For the best look:** Use Timberline® Premium Ridge Cap Shingles or Timberline® Premium Soffit Modified Ridge Cap Shingles.
