**Dear HDBR Board Members,**

**I am writing to express my support for 336 Barnard Street.**

I live at 703 Whitaker St. and would welcome this new home to the neighborhood.

I have been following this project since the beginning and have been quiet until now because I didn't want to speak for or against the project until I did my research. I just finished the Oglethorpe Plan book by Thomas D Wilson. I could write a full paper on how the opposition has inappropriately weaponized the Oglethorpe Plan, but I'll keep it concise.

**The project is a beautiful home consistent with the scale and development pattern of the neighborhood and will be a great addition to the area. Structures facing North-South streets have hundreds of historic examples dating back to the earliest days of Savannah. Many are located throughout the Historic District and add to its uniqueness, variety and charm.**

**I encourage you to grant the special exception of a door on Barnard street for this site.**

**Thank you!**
