Sign Permit Application Description

Project: Exterior Building Sign –
ESTIA MEDITERRANEAN

Location: Broughton, Georgia

Description of Work:

We propose to install an halo illuminated exterior wall sign for ESTIA MEDITERRANEAN. The sign consists of custom-fabricated channel letters and logo mounted on a black ACM (Aluminum Composite Material) background panel. The design, dimensions, and specifications are as follows:

Manufacture & Faces: 3mm / 5mm GOLD faces with routed push-through design
Returns: 3" deep stainless steel with polished gold finish.

Illumination: Retro halo white LED lighting, 6500K color temperature, energy-efficient, UL-listed, with 5-year warranty. Mounting Method:

Exterior installation using screw or stud mounts. Installation template provided.

Application: Suitable for exterior installation; all electrical connections will be made to an existing junction box by a licensed electrician (no interior wiring included in scope). Packaging & Delivery: Sign will arrive in protective wooden crate. Appearance:

The primary sign displays the word ESTIA KITCHEN, MEDITERRANEAN RESTAURANT with decorative OLIVE graphics , RETRO illuminated in white against a black background. .

Backs: Stainless steel construction.

Mounting Method: Exterior installation using screw or stud mounts. Installation template provided.

Application: Suitable for exterior installation; all electrical connections will be made to an existing junction box by a licensed electrician (no interior wiring included in scope).
