

Historic District Board of Review Rehabilitation and Alterations

Checklist Items for 512 E. Hall Street, Savannah, GA 31401

Project Description

The external free-standing chimney was leaning away from the house and had to be removed. It posed an immediate danger of falling onto the structure across the lane, power lines or individuals. The rainy weather and high winds increased the seriousness of the issue.

Areas and Material Removed: Exterior Brick Chimney – Bricks

The chimney was not historic and the bricks were not historic.
