I live in the Highlands.

I support the proposed rezoning at 166 Basswood Dr for Two Hearts Play Café.

I support family focused zoning in this area. We need indoor 3rd places in our local community. We also need a grocery store. We don't need ware houses or industry or b2b companies taking up valuable new real estate.

Please also make the widening of Benton Blvd the TOP priority. This area can't handle ANY more without making Benton larger.

Thank you,
Chris Stoegbauer
