- What is the present Future Land Use Category designated for the property? Traditional neigh
- What is the Future Land Use Category that allows the proposed Zoning District? Traditional commercial

III. Rezoning Review Criteria

Describe the purpose of the requested rezoning. Please refer to [Sec. 3.5.8](#) for the review criteria that will be used when considering your petition. The seven properties sit surrounded by commercial buildings and surface parking lots, cut off from any remaining residential fabric. TC-1 offers a more suitable range of commercial and mixed uses than TN-2 and meets a real need to reactivate these underused parcels. They no longer function as ideal residences, especially with the street serving as a cut through for bar patrons.

Rezoning to TC-1 matches the zoning to the commercial pattern that already dominates the area.

The change enables adaptive reuse of the existing structures and expands the uses available to owners.

TC-1 conforms to Savannah's Comprehensive Plan, which favors compact, mixed-use infill along commercial corridors. Under TN-2 the parcels lack a reasonable residential use given the commercial encirclement and traffic.

Adequate roads, water, wastewater, and public safety services already serve the area to support TC-1 densities.

Is the subject parcel located within 3,000 feet of a military base, installation or airport, or within the 3,000 foot Clear Zone and Accident Prevention Zones Numbers I and II as prescribed in the definition of an Air Installation Compatible Use Zone that is affiliated with such base, installation or airport? ☐ Yes ☒ No
