Variance(s) Requested (if applicable)

Please contact the Metropolitan Planning Commission (MPC) prior to submitting a Subdivision/Plat Application that requires a variance. Describe any variances requested and how each meet the criteria described in the City of Savannah Subdivision Regulations and Zoning Ordinance. The MPC must approve any plan that involves a request for a variance. Attach additional sheets if necessary.

Environmental Site Assessment (ESA) with Soil Borings

All applications for Final Subdivision Plat approval, except as listed below, shall be accompanied by an ESA for the property prior to approval. The ESA shall conform to the standards and requirements set forth in the City of Savannah Development Services Design Directive, and shall consist of an historical review of records, site reconnaissance, soil borings with location map, and report. The report shall be signed and sealed by a professional.

Has an ESA been conducted? ☐ Yes ☒ No **If yes, provide a copy with this application.*

If no, indicate which exceptions apply per Section 8-2031(b) of the Subdivision Regulations of Savannah, GA.:

An ESA shall not be required for subdivisions wherein:

- ☐ All proposed lots are already developed and built upon,
- ☐ The subdivision involves only a recombination of previously platted lots
- ☐ The subdivision is a minor revision of a recorded plat.

Has a waiver of the ESA requirement been requested? ☒ Yes ☐ No **If yes, provide a copy with this application, along with \$200 review fee.*

ESA Waiver Request for Minor Subdivisions. The City Engineer is authorized to waive proposed minor subdivisions from the ESA requirement if the owner provides the City Engineer with reasonable evidence that the property was never used as a landfill and that other environmentally dangerous situations do not exist. The property owner shall request the waiver in writing.

Reviews for Large Tracts of Land. Where a subdivision involves a large tract of land and is to be developed in phases, the Master Plan submittal for the entire tract shall not require an ESA, if approved by the City Engineer. The Final Plat(s) shall be accompanied by an ESA.

Narrative Statement

Attach a narrative statement to this application describing the subdivision and whether improvements are needed to provide access to public infrastructure to all new lots created by this subdivision plat. If no improvements are needed, please state that no infrastructure improvements are necessary. If improvements are required, the consulting engineer shall provide a statement and signed itemized cost estimate for review by City staff and an explanation of the planned improvements. **Both the narrative statement and construction bond estimate shall be stamped and signed by a registered Professional Engineer.**
