RE: 533 E 38th Street (the Property)
PIN: 20064 43027

To Whom It May Concern:

Per your request, I hereby certify that I am a Planning Manager in the Planning and Urban Design Department for the City of Savannah, Georgia (the Jurisdiction); and I am responsible for the administration and interpretation of the Zoning Ordinance of the Jurisdiction. Furthermore, I have access to the information required to make the following certifications.

1. **Current Zoning Classification:** On September 1, 2019, and in conjunction with a New Zoning Ordinance, the Jurisdiction rezoned the Property from East Broad Market Lofts PUD (Planned Unit Development) to East Broad Market Lofts PD (Planned Development). In doing so, the Jurisdiction's first comprehensive Zoning Ordinance adopted on July 29, 1960, as amended was replaced.

As of February 2, 2026, the Property is zoned PD in the East Broad Market Lofts PD.

In addition to requirements of the City of Savannah Ordinances, the subject property is within a PD which may be governed by a private Declaration of Covenants. These covenants are an agreement between each property owner within the Planned Development and the Declarant. These covenants are not enforced by the City of Savannah or any of its agencies.

2. **Permissible Uses:** Per [Article 6 Sec. 6.1.1\(a\)](#), "A Planned Development (PD) district allows projects that would not otherwise be permitted under this Ordinance because of the strict application of zoning district development standards or general site standards. Generally, the PD district is intended for sites where a developer proposes and the Mayor and Aldermen desire to achieve a certain mix of uses, appearance, land use compatibility and/or apply special sensitivity to the character of the site surrounding area."

In return for greater flexibility in site design requirements, planned developments are expected to deliver innovative and exceptional quality community designs that preserve environmental, historic and cultural resources; incorporate creative design in the layout of buildings, open space and vehicular and pedestrian circulation; assure compatibility with surrounding land uses and area character; and, provide greater efficiency in the layout and provision of roads, utilities and other infrastructure that would not otherwise be possible within a base zoning district."

Per Article 1 Sec. 1.4.4.b., "Approved plans, permits, authorizations and similar development approvals shall be governed by the ordinance under which the approval was given for the portion of the project so approved. The continued validity of such plans, permits, and authorizations shall be determined pursuant to this subsection. Except as otherwise provided, all conditions of zoning approved as part of a zoning map amendment prior to the Effective Date of this Ordinance shall continue to apply as previously approved and shall remain in full force and effect under this Ordinance."

The uses allowed in the zoning district are identified in the master plan map which is attached to this letter. The Property

is designated for "MULTI-FAMILY" on the master plan map with a maximum of 36 dwelling units allowed. The existing apartments on the Property are permitted by the PD zoning.

3. **Development Standards:** The development standards for the PD are attached to this letter and titled, "East Broad Market Lofts Planned Unit Development". The as-built drawings for the existing apartment building on the site, under File no. 11-4321B, provide information about how the site complies with the parking requirements of the PD. The development has 36 residential units. The PD requires one parking space per residential unit. The site plan showed 18 parking spaces on the Property. The parking information counts the 18 spaces on the Property, 4 on-street parking spaces adjacent to the Property on the west side of E Broad Street, and 18 spaces in a remote parking lot at the northeast corner of E 38th Street and E Broad Street (PIN 20064 39012).

The PD document grants credit towards parking requirements for "abutting spaces along the street adjacent to the subject property". There are 6 on-street spaces abutting the property that were not counted in the original development approval, as documented by the as-built drawings. Three of the spaces are on the Property's frontage on E 38th Street, and three are on the frontage on E 39th Street. In the absence of the remote parking lot, these 6 spaces may be counted towards the parking requirement of the development. The development also has 19 spaces on-site. One additional space was created by space left over when a trash cart corral was replaced with a dumpster.

Based on this information, the apartment development has 29 parking spaces (19 on-site spaces, 3 spaces on E 38th Street, 4 spaces on E Broad Street, and 3 spaces on E 39th Street) which may be counted towards the parking requirement if the remote parking lot is excluded from the calculation. A remote parking agreement may be created in accordance with [Sec. 9.3.8.c.i](#) which would reserve a portion of the remote parking lot for the Property and leave the remaining spaces available for other use.

Three parking spaces are present on the east side of E Broad Street opposite the Property. These spaces were constructed as part of the site permit for the development of the apartments on the Property. The spaces were not counted in the as-built drawings. They also do not abut the Property as is called for by the parking provision in the PD standards. The 3 spaces on the east side of E Broad Street may not be counted towards the parking requirements of the apartment development on the Property.

4. **Overlay Districts:** The Property lies within the boundaries of [Short-term Vacation Rental Overlay District \(STVRD\)](#) and the [Streetcar Historic Overlay District](#).
5. **Variances, Zoning Map Amendments, Special Use Permits, etc.:** I am not personally aware of any variances, zoning map amendments, special use permits, etc.
6. **Zoning Violations:** I am not personally aware of any action or proceeding by the Jurisdiction pending before any court or administrative agency with respect to the zoning of the Property or any improvements located thereon.
7. **Code Violations:** I am not personally aware of any existing violations related to the zoning ordinance on the Property.

This confirmation is made as of the date of this letter and does not constitute any representation or assurance that the Property will remain in the current zoning district for any specified period or that the list of uses permitted in the zoning district will remain in effect for any specific period.

The undersigned certifies that the above information contained herein is believed to be accurate and is based upon or relates to the information supplied by the requester. The Jurisdiction assumes no liability for errors and omissions. All information was obtained from public records, which may be inspected during regular business hours.

λ Sincerely,

A handwritten signature in cursive script, appearing to read "John Anagnost".
