

Savannah - Chatham County Historic Site & Monument Commission

February 2, 2023 Historic Site and Monument Commission Meeting

Title

Petition of Georgia Historical Society, Elyse Butler | 22-006000-HM | Dixon Park at Intersection of East Broad Street and East Henry Street | Historical Marker

Description

The applicant is requesting a recommendation for approval from the Historic Site and Monument Commission to City Council to install a 42"x 38" cast aluminum double-sided roadside historical marker in Dixon Park at the public right-of-way intersection of East Broad Street and East Henry Street to commemorate suffragist and community leader, Mamie George Williams.

Recommendation

Staff recommends that the Historic Site and Monument Commission recommend approval to the Savannah City Council to install a historical marker in Dixon Park near the intersection of East Henry Street and Java Lane with the following condition because the proposed work otherwise meets the Master Plan and Guidelines:

- 1. Provide confirmation from the appropriate City Departments that the location is clear of any utilities before installation.**
