Dear Edward Morrow,

I am writing in support of Alex Mangum's variance request for 509 E 39 St. (Petition #25-005838-ZBA).

The request to reduce the rear yard setback seems to be a fairly minor change and won't negatively impact the living quality of the property or its property value.

Furthermore, Mr Mangum is a valued member of our block. A good neighbor who is always willing to lend a helping hand in any way he can. I would ask that you consider this fact in your decision making process.

Thank you for your time,
Travis Hanmer
