
Petition # 26-002262-ZBA

From Richard Samaroo <richardsamaroo@aol.com>

Date Fri 6/19/2026 10:10 AM

To DeAndrae Spradley <spradleyd@thempc.org>; Sally Helm <helms@thempc.org>

As owner of the property located at 301 West Taylor Street and 302 West Wayne Street, I am responding to your notice regarding the request for variance to the maximum area lot coverage allowed within the D-R zoning district.

I am an engineer involved in the design and construction of petrochemical complexed throughout the world. In this role I am very familiar with the need to comply with certain design code, standards, regulations and governance. I strongly believe that these requirements are in place to maintain the integrity and safety of assets and in this case the aesthetics and value of the neighborhood. For this reason, I do not support granting the requested variance.

Regards,
Richard T. Samaroo
301 W. Taylor Street
